Prop 1E						
Water Resources	\$300	Storm Water Flood Management	AB 140 (Chapter 33, Statutes of 2006), Article 4 (Section 5096.827)	For grants to local agencies outside of the Central Valley system for projects to manage storm water runoff.	These storm water projects cannot be within the defined "State Plan of Flood Control" thereby assuring that all funds will be directed to coastal and southern portions of California.	Tracie L. Billington, 916-651-9226
Prop 84						
Water Resources	\$1,000	Integrated Regional Water Management	Proposition 84, Chapter 2, (Section 75026/75027)	Provide grants to local agencies and regional entities for integrated regional water management, including action to provide long-term reliable water supplies.	<p>This program is part of a larger \$1.285 billion allocation for Integrated Water Management and Water Quality. Based on past programs, \$1 billion in state investment will leverage an estimated \$3 billion in local investment and provided 1 million acre feet of new water supply or reduced demand each year. Funds shall be allocated to each hydrological region as identified in the California Water Plan and listed below:</p> <ul style="list-style-type: none"> • North Coast \$37 M • San Francisco Bay \$238 M • Central Coast \$52 M • Los Angeles sub-region \$215 M • Santa Ana sub-region \$114 M • San Diego sub-region \$91 M • Sacramento River \$73 M • San Joaquin River \$57 M • Tulare/Kern \$60 M • North/South Lahontan \$27 M • Colorado River Basin \$36 M • Inter-Regional/Unallocated \$10 M 	Tracie L. Billington, 916-651-9226
Department of Health Services	\$180	Small Community Grants	Proposition 84, Chapter 2, (Section 75022)	Provide infrastructure improvements and related action to meet safe drinking water standards. Priority shall be given to projects that address chemical and nitrate contaminants. Special consideration shall be given to disadvantaged small communities with limited financial resources.	This program is part of a larger \$240 million allocation for Safe Drinking Water. Construction grants shall be limited to \$5 million per project and not more than twenty-five percent of a grant may be awarded in advance of actual expenditures.	Rufus Howell, 916-449-5583
State Water Resources Control Board	\$80	State Water Pollution Control Revolving Fund	Proposition 84, Chapter 2, (Section 75024)	Provide state share needed to leverage federal funds in making those infrastructure investments necessary to prevent pollution of drinking water sources.	This program is part of a larger \$1.285 billion allocation for Integrated Water Management and Water Quality.	Barbara Evoy, 916-341-5632

Department	Amount	Program	Bond Act Citation	Purpose	Comments	Contacts
Department of Health Services	\$50	Safe Drinking Water Revolving Fund	Proposition 84, Chapter 2, (Section 75023)	Provide state share needed to leverage federal funds for safe drinking water grants.	This program is part of a larger \$240 million allocation for Safe Drinking Water. The Department plans on using existing support funding for program administration.	Rufus Howell, 916-449-5583
Department of Health Services	\$10	Emergency Safe Drinking Water Projects	Proposition 84, Chapter 2, (Section 75021)	Grants and direct expenditures to fund emergency and urgent actions to ensure that safe drinking water supplies are available to all Californians. Eligible projects include, but are not limited to, the following: <ul style="list-style-type: none"> ▪ Provide alternate water supplies including bottled water to where necessary to protect public health; ▪ Improvement in existing water systems necessary to prevent contamination or provide other sources of safe drinking water including replacement wells; ▪ Establishing connections to an adjacent water system; ▪ Design, purchase, installation and initial operations costs for water treatment equipment and system. 	This program is part of a larger \$240 million allocation for Safe Drinking Water.	Rufus Howell, 916-449-5583
Department of Health Services	\$60	Groundwater Cleanup Loans and Grants	Proposition 84, Chapter 2, (Section 75025)	Loans and grants for projects to prevent or reduce contamination of groundwater that services as a source of drinking water. The Department of Health Services shall require repayment for the costs that are subsequently recovered from parties responsible for the contamination.	This program is part of a larger \$1.285 billion allocation for Integrated Water Management and Water Quality.	Rufus Howell, 916-449-5583
State Water Resources Control Board	\$15	Agricultural Pollution Reduction	Proposition 84, Chapter 2, (Section 75029.5)	Grants to public agencies and non-profit organizations for projects that reduce the discharge of pollutants from agricultural operations into surface water of the State.	This program is part of a larger \$1.285 billion allocation for Integrated Water Management and Water Quality.	Barbara Evoy, 916-341-5632

Resource Agency	\$90	River Parkways and Urban Streams	Proposition 84, Chapter 5, (Section 75050(d-e))	Fund the River Parkways grant Program and the Urban Streams Restoration Program. Up to \$10 million may be transferred to the department of Conservation for the Watershed Coordinator Grant Program.	This program is part of a larger \$928 million allocation for the protection of rivers, lakes and streams.	Polly Escovedo and Leah Northrup 916- 653-2812
California Conservation Corps.	\$45	Restoration/Conservation Projects	Proposition 84, Chapter 5, (Section 75050(1))	Resource conservation and restoration projects; facilities acquisition, development, restoration and rehabilitation; and grants and state administrative costs.	This program is part of a larger \$928 million allocation for the protection of rivers, lakes and streams. <ul style="list-style-type: none"> • Of this amount, \$25 million shall be available for projects to improve public safety and improve and restore watersheds, including regional and community fuel load reduction projects on public lands, and stream and river restoration projects. • Not less the 50% of these funds shall be in the form of grants to local conservation corps. • The balance shall be available for grants to local conservation corps for the acquisition and development of facilities to support local conservation corps programs. 	Kris Escarda, 916-341-3141
State Water Resources Control Board	\$90	Storm Water Cleanup	Proposition 84, Chapter 5, (Section 75050(m))	Provide matching grants to local public agencies for the reduction and prevention of storm water contamination or rivers, lakes and streams.	This program is part of a larger \$928 million allocation for the protection of rivers, lakes and streams.	Barbara Evoy, 916-341-5632
Wildlife Conservation Board	\$180	Forest Conservation and Protection	Proposition 84, Chapter 6, (Section 75055(a))	Forest conservation and protection project grants to promote the ecological integrity and economic stability of California's native forests through forest conservation, preservation and restoration of productive managed forest lands, forest reserve areas, redwood forests and other forest types, including the conservation of water resources and natural habitats for native fish, wildlife and plants found on these lands.	This program is part of a larger \$450 million allocation for Wildlife and Forest Conservation.	Dave Means, 916-445-1095

Wildlife Conservation Board	\$135	Wildlife Habitat Preservation	Proposition 84, Chapter 6, (Section 75055(b))	<p>Development, rehabilitation, restoration, acquisition and protection of habitat that accomplishes one or more of the following objectives:</p> <ul style="list-style-type: none"> ▪ Promotes the recovery of threatened and endangered species; ▪ Provide corridors linking separate habitat areas to prevent fragmentation; ▪ Protects significant natural landscapes and ecosystems such as old growth redwoods, mixed conifer forests and oak woodlands, riparian and wetlands areas and other significant habitat areas; ▪ Implements the recommendations of California Comprehensive Wildlife Strategy, as submitted October 2005 to the United States Fish and Wildlife Services. ▪ Up to \$25 million may be granted to the University of California for the Natural Reserve System for matching grants for 1) land acquisition and 2) the construction and development for facilities that will be used for natural lands management research and training. 	<p>This program is part of a larger \$450 million allocation for Wildlife and Forest Conservation. These funds may be used to prepare management plans for properties acquired by the Wildlife Conservation Board and for the development of scientific data, habitat mapping and other research information necessary to determine the priorities for restoration and acquisition statewide.</p>	Dave Means, 916-445-1095
Wildlife Conservation Board	\$35	Working Landscapes	Proposition 84, Chapter 6, (Section 75055(d)(1,2,4))	<p>Grants and directs expenditures for the protection of ranches, farms and oak woodlands.</p> <ul style="list-style-type: none"> ▪ \$15 million for Grazing Land ▪ \$15 million for Oak Woodlands ▪ \$5 million for Wildlife Stewardship Grants. 	<ul style="list-style-type: none"> • The California Rangeland, Grazing Land and grassland Protection Program (\$15 million) is designed to protect these lands through the use of conservation easements. These easements are defined in statute as a legal limitation executed by or on behalf of the owner of the land to retain land predominantly in its natural, scenic, historical, agricultural, forested, or open-space condition. • As part of the Farmland Conservancy Program, wildlife stewardship grants (\$5 million) will be funded that would assist farmers in integrating agricultural activities with ecosystem restoration and wildlife protection. • The Oak Woodlands Conservation Program (\$15 million) provides funding to landowners, conservation organizations, cities, and counties for projects designed to conserve and restore California's oak woodlands. While the Program is statewide in nature, it provides opportunities to address oak woodland issues on a regional priority basis. 	Dave Means, 916-445-1095

Conservation	\$10	Working Landscapes	Proposition 84, Chapter 6, (Section 75055(d)(3))	\$10 million for Farmland Conservancy Program	The California Farmland Conservancy Program(\$10 million) is a similar state-wide grant funding program that supports local efforts to establish agricultural conservation easements and planning projects for the purpose of preserving important agricultural land resources.	
Department of Fish and Game	\$90	Natural Community Conservation Plans (NCCP)	Proposition 84, Chapter 6, (Section 75055(c))	Provide grants to local authorities to implement or assist in the establishment of Natural Community Conservation Plans.	An NCCP identifies and provides for the regional or area wide protection of plants, animals, and their habitats, while attempting to allow for the compatible and appropriate economic activity. The program, which began in 1991 under the State's Natural Community Conservation Planning Act, is broader in its orientation and objectives than the California and Federal Endangered Species Act. In theory, the program seeks to anticipate and prevent the controversies and gridlock caused by the species' listing by focusing on the long-term stability of wildlife and plant communities and including key stakeholders in the process. The NCCP program is voluntary and does not impose regulatory mandates.	Dave Means, 916-445-1095
State Water Resources Control Board	\$90	Clean Beaches	Proposition 84, Chapter 7, (Section 75060(a))	Matching grants for protecting beaches and coastal waters from pollution and toxic contamination. <ul style="list-style-type: none"> ▪ Not less the \$35 million shall be for grants to local public agencies to assist those agencies to comply with the discharge prohibition into Areas of Special Biological Significance contained in the California Ocean Plan. ▪ Not less that 20% of the funds allocated by this subdivision shall be available to the Santa Monica Bay Restoration Commission. 	This program is part of a larger \$540 million allocation for beaches, bays and coastal protection.	Barbara Evoy, 916-341-5632
State Coastal Conservancy	\$135	State Coastal Conservancy	Proposition 84, Chapter 7, (Section 75060(b))	Available for the State Coastal Conservancy, upon appropriation by the Legislature. This funding is available for any program and responsibility falling under the State Coastal Conservancy.	This program is part of a larger \$540 million allocation for beaches, bays and coastal protection.	Neal Fishman, 510-286-4175

Department	Amount	Program	Bond Act Citation	Purpose	Comments	Contacts
Department of Parks and Recreation	\$100	Nature Education Centers, Museums And Aquariums	Proposition 84, Chapter 8, (Section 75063(b))	Local grants for nature education and research facilities and equipment to non-profit organizations and public institutions, including natural history museums, aquariums, research facilities and botanical gardens. Grants may be used for buildings, structures, exhibit galleries, and marine wildlife conservation research equipment and facilities.	Eligible institutions include those that combine the study of natural science with preservations, demonstration and education programs that serve diverse populations, institutions that provide collections and programs related to the relationship of Native American cultures to the environment, and institutions for marine wildlife conservations research.	Patti Keating, 916-651-8957
California Department of Forestry and Fire Protection shall administer urban forestry projects. No administering department has been specified for urban greening planning grants.	\$90	Urban Greening and Joint Use Projects	Proposition 84, Chapter 9, (Section 75065(a))	Urban greening projects that reduce energy consumption, conserve water, improve air and water quality and provide other community benefits. Priority shall be given to projects that provide multiple benefits, use existing public lands, serve communities with the greatest need and facilitate joint use of public resources and investments including schools. Not less the \$20 million shall be available for urban forestry projects.	This program is part of a large \$580 million allocation for reducing urban communities' contributions to global warming and increasing their adaptability to climate change while improving the quality of life in those communities.	Russ Henley, 916-653-7209
Department of Parks and Recreation	\$400	Local and Regional Parks	Proposition 84, Chapter 9, (Section 75065(b))	Competitive grants for local a regional parks. Preference would be given to the following: <ul style="list-style-type: none"> ▪ Acquisition and development of new parks and expansion of overused parks and that provide park and recreational access to underserved communities; ▪ Creation of parks in neighborhoods where none currently exist; ▪ Applicants that actively involve community based groups in the selection and planning of projects. 	This program is part of a larger \$580 million allocation for reducing urban communities' contribution to global warming and increasing their adaptability to climate change with improving the quality of life in those communities.	Patti Keating, 916-651-8957
Department of Conservation State Water Resources Board	\$90	Planning and Incentives for Resource Conservation State Water Resources Control Board	Proposition 84, Chapter 9, (Section 75065(c))	Planning grants and planning incentive, including revolving loan programs and other methods to encourage the development of regional and local land use plans that are designed to promote water conservation, reduce automobiles use and fuel consumption, encourage greater infill and compact development, protect natural resources and agricultural lands, and revitalize urban and community centers.	This program is part of a larger \$580 million allocation for reducing urban communities' contribution to global warming and increasing their adaptability to climate change with improving the quality of life in those communities.	Chuck Tyson, Department of Conservation 916-324-0862 Barbara Evoy, State Water Resources Control Board 916-341-5632
